

I have become aware that the FCC may introduce a service known as Low Power FM (LPFM). I am a listener of K-LOVE on 90.3 FM. This new service, LPFM, could take this station off the air in my community. I wanted you to know that K-LOVE is the only station in my area that plays contemporary Christian music. My family, as well as hundreds of other families, are encouraged and uplifted everyday by the music played on this station. No other station in our community has 5 pastors on staff that will pray with its listeners 24 hours a day 7 days a week. Our community needs this type of family friendly listening to continue. There is no other station that provides God honoring music that our whole family enjoys. Please, please, please keep our K-LOVE on the air!
